Welcome to the Captains!

The purpose of this guide is to communicate the rules and conditions governing use of the Captains Golf Course for all resident and non-resident Annual Fee Players (AFPs). We hope that this guide will be useful and that you enjoy your golfing experience. As a public golf course owned by the Town of Brewster, the purpose of the policies and procedures is to provide fair and equitable access to our customers, while maintaining sound financial controls. Your cooperation in following these guidelines is greatly appreciated and will help ensure that all can enjoy the experience of the entire facility. **It is every Annual Fee Player's responsibility to know the rules as outlined in this guide.**

Annual Fee Player status entitles you to unlimited greens fees at the times designated by your choice of AFP category and membership rates for cart fees. **The Captains also has a SoloRider golf cart available for use by golfers with disabilities. If you'd like more information on the SoloRider please call me at (508)896-1716.**

Please use the automated tee time system, (508)896-5100, or the on-line system, www.captainsgolfcourse.com, to make and verify reservations other than day of play requests. Members (AFPs) calling the Pro Shop to make a reservation for the next day will be transferred to the automated tee time line. This is necessary so that our staff can properly service the large customer volume experienced each day at the Captains Golf Course.

We are constantly trying to improve the communication among the Staff, the Golf Commission, the Associations, and the Annual Fee Players. A calendar of events is available on the website at www.captainsgolfcourse.com. Any suggestions to improve communication are welcome, and may be submitted via our suggestion box or by emailing the Golf Commission at golfcommission@brewster-ma.gov. Most of our communication to the membership is via email. We update our email list annually based on the information provided on the AFP application. If you change your email address after the submission of your AFP application, please contact the Pro Shop with your new information.

Thanks,

TEE TIMES

Currently, Annual Fee Players (AFPs) have access to 50% of the tee times on one course, and **approximately 25%** of the tee times on the other course unless a special function is scheduled. Remaining tee times are for Daily Fee Players (DFPs/guests). The courses rotate weekly; check the 'Captains Calendar' for the 50% course.

Back nine play on both courses is available for the first hour and 30 minutes. Tee times must be reserved for back 9 play. These tee times may be reserved on the Chelsea system. Back nine play is not available on Thursdays.

The Captains uses the Chelsea Tee Time Point System. The system will maintain a 12-day rolling history of points for Annual Fee Players (AFPs). Tee times will be placed based on groups' point averages for the past 12 days. Call (508)896-5100 for the Chelsea System or go to <http://captain.chelseareservations.com/>.

TEE TIME REQUESTS: can be made from 6 a.m. 5 days before to 12 Midnight 3 days before the day of play.

You will be able to enter:

- your desired time
- the earliest and latest acceptable time
- the number of players in your group(s)**
- preferred course, if any
- your member # for a guest

**Member numbers must be entered for all players in your group(s).

If you have more than one group playing, they can be "linked".

Keep your tee time request confirmation number! You'll need it to change, cancel or confirm the tee time after it's placed.

PLACEMENT of REQUESTS: The system will place tee time requests in the morning two days prior to the play date. You'll receive your tee time by e-mail. The tee sheet can be viewed at Noon two days prior to the play date.

OTHER BOOKING OPTIONS: Tee times are based on availability; NO *REQUEST POINTS* are issued.

1. If you do not submit a request, you can book a tee time on the phone system or on-line starting at 10:00 a.m., two days prior to the play date.
2. Beginning at 4 p.m. the night before play, all open times become available to AFPs. Tee times can be booked on the automated phone system or on-line.

POINTS: 1 REQUEST POINT: issued when a tee time before Noon is requested & granted. ½ Point for back nine play and tee times after 12 Noon.

This *includes* association block time play and Captains' tournament play.

REQUEST POINTS remain *even if a granted tee time is canceled or changed.*

1 PLAY POINT: issued for all 18 hole play BEFORE Noon.

½ Point for any back nine play and for any tee times after 12 noon.

1/10th POINT: *deducted* for each hour that a granted tee time differs from the requested time.

5 POINTS: given to any player who doesn't show up for a tee time that wasn't canceled.

5 POINTS/PLAYER: may be issued to any player with guests that do not show up to play.

SLOW PLAY PENALTY: TURTLE STATUS is given for continuous slow play violations. 'Turtles' cannot make tee times before Noon.

2 POINTS/PLAYER: given when a group falls behind the group ahead, is warned, and fails to catch up in one hole.

HOW IS A REQUEST PLACED? Placement is based on the 12-day point average and the tee time & course requested. **Example:** 2 groups request Wed. at 8:24 on Port

Group I - Total Points for the 4 players = 47 47 pts./4 players = 11.75 pts.

Group II - Total Points for the 2 players = 25 25 pts./2 players = 12.5 pts.

Group I has the *lower* point average and is granted the tee time.

Points are averaged for all members of "linked groups"; guests are not counted in group point averages.

***The integrity of this system is based on the honesty of the users.
Abuses of the system will result in suspension or revocation of playing privileges.***

Day-of-play & last-minute cancellations may be made by calling the Pro-Shop at **(508) 896-1716.**

TEE TIMES WITH GUESTS (DFPs)

If there are more AFPs than DFPs in your group, you must book into an AFP tee time.

If there are more DFPs than AFPs in your group, you must book into a DFP tee time.

If there is an equal number of AFPs and DFPs in your group, you may book into either an AFP or a DFP tee time.

To reserve an AFP tee time, use the procedures outlined on the previous two pages.

DFP tee times may be reserved as far in advance as you wish using the on-line system at www.captainsgolfcourse.com. To reserve these times you would log in as a Non-Member (you do not use your member #). Or you may call the advance reservation line at 508-896-1716, ext. 103.

If an AFP makes a guest time and at least half their group isn't guests, they will be charged green fees for at least half of the group. Abuses of this policy will not be tolerated.

PLAYER RESPONSIBILITIES

- Be at the golf course at least **20 minutes prior** to your tee time. Each player **must register at the Pro Shop** before play. **All AFPs must obtain a register slip from the desk and present it to the Starter in order to play.** In addition, all AFPs are required to have a **member bag tag** displayed for the Starter.
- The policy of checking in at the Pro Shop is necessary in order to accurately maintain play total records for management purposes.
- During the busy season, the Golf Commission requests that AFPs limit their play to no more than 4 times per week, which includes all tournaments and scrambles, for the period of time from June 15th through September 15th.
- Each player must have his/her own bag and clubs.
- The golf course restaurant concessionaire has exclusive rights for providing food & beverage on the golf course property. Only food and beverages (including alcohol) purchased from the golf course restaurant concessionaire are allowed on the golf course property.
- Please keep golf bags and pull carts off all tees, collars, and approaches.
- Maintenance workers cutting greens have the right-of-way if the flagstick is out of the hole. Please allow workers cutting the fairways to get out of your way before hitting.

I agree to forever release the Town of Brewster and all their employees, agents, board members, volunteers and any and all individuals and organizations assisting or participating in any event of the Town ("the Releasees") from any and all claims, rights of action and causes of action that may have arisen in the past, or may arise in the future, directly or indirectly, from personal injuries to myself or property damage resulting from my participation in golfing at Captains Golf Course.

I also promise to indemnify, defend, and hold harmless the Releasees against any and all legal claims and proceedings of any description that may have been asserted in the past, or may be asserted in the future, directly or indirectly, arising from personal injuries to myself or property damage resulting from participation in golfing at Captains Golf Course.

I further affirm that I have read this Consent and Release statement and that I understand its contents.

PACE OF PLAY

The expectation is to play in 4 hours and 10 minutes. In order to improve **Pace of Play**:

1. Play ready golf.
2. Be ready when it's your turn.
3. Don't spend more than three minutes looking for a lost ball.
4. Don't let conversation interfere with **Pace of Play**.
5. Take a rake into bunker when playing bunker shots.
6. Park carts toward the rear of green (between green and next tee).
7. Line up your putt while others are putting out.
8. Finish putting unless you're in another player's line.
9. Record your scores at the next tee, not at the green.
10. Above all **keep up with the group in front of you**, not just ahead of the group behind you.

The Golf Commission has established a policy that now gives authority to the Ranger and/or the Manager on Duty to act as follows to speed up play:

The Starter will mark his tee sheet with the time that the last player in a group hits his/her tee shot and so advise the Ranger. The Ranger will have a hole-by-hole time chart to then compare the pace the group sets against the time chart. The Ranger will ask the group to pick up their pace of play if they fall behind the established pace of play. If, after a second warning by the Ranger, a slow group has not kept up pace of play they will be asked to pick up and move forward in order to get back into position. If the group fails to pick up or again falls behind, the Ranger will then call the Manager on Duty who will have the option to suspend play and discontinue the group's round at that point.

Continuing problems in regard to **Pace of Play** with a particular individual may lead to restrictions or suspension of that individual's playing privileges.

It is the objective of the Golf Commission and course management to make the golfing experience at the Captains enjoyable for all golfers. One slow group can affect the golfing experience on that day for as many as 300 golfers. We hope that these recommendations and this policy will improve **Pace of Play** and make golfing at the Captains a much more enjoyable experience.

GOLF CART USE Rules & Regulations

- Golf carts must stay on the paths on all par 3 holes at all times. Golf carts must also stay on the paths around tees and greens on all holes at all times.
- **The SoloRider golf cart *is* allowed on tee boxes and greens. Contact Jay Packett, (508)896-1716, to inquire about use of the SoloRider.**
- At no time are golf carts without handicap flags allowed to go inside of golf cart directional signs, ropes, or stakes.
- The scatter rule is in effect at all times on par 4 and par 5 holes. Under certain conditions, golf carts may be restricted to the 90-degree rule or rough only. If golf cart use is restricted, it will be posted in the Pro Shop.
- Any Annual Fee Player who purchases a riding cart at the single cart rate agrees that no other rider will join him/her during the round without paying for the other half of the cart rate. Violators will not be allowed to purchase a single cart in the future.
- All golf carts **must be returned** to the designated cart drop-off area.
- If a golf cart is observed by a staff member in a restricted area as outlined above, the staff member will notify the Pro Shop or Ranger immediately and will identify the cart number, the exact location of the infraction, and give a description of the infraction. The staff will report the infraction to the Manager on Duty.
- Both the operator and passenger of the cart will be given a verbal warning by the Manager on Duty for the first and second offense and this warning will be recorded in a file maintained in the Director of Operations' office. The third offense will result in the Manager on Duty confiscating the offender's golf cart. There will be no refund of the golf cart fee or the green fee.
- Any offense by an Annual Fee Player, either operator or passenger, will be recorded and kept on file by the Director of Operations. The third offense will result in the loss of golf cart rental privileges for a period of two (2) weeks.

The above policy has been adopted by the Brewster Golf Commission in an effort to maintain the best possible course conditions. Your adherence to these regulations is appreciated.

HANDICAP FLAGS

Handicap flags will be made available to those golfers who have a special need or who, for various circumstances, are unable to walk between the fairway cart boundaries and the green. These flags are for golfers under the above circumstances only. The Director of Golf or his designee shall solely determine the eligibility of any golfer to use these flags. The following rules shall apply in the use of these flags:

- Handicap flags will be requested by members at the start of each golfing season and by guests at the time of registration, upon demonstration by the golfer as to need. The golfer requesting a flag must sign this form indicating his/her acceptance of the rules and will retain a copy of this form.
- The flag must be affixed to the golf cart and be readily visible during the round.
- When golf carts are restricted to the rough only, no handicap flags will be issued.
- When leaving the teeing area and proceeding to the ball, the **90 degree rule will apply** when crossing from the cart path to the fairway.
- The handicap flag entitles the golfer to go beyond the fairway cart boundaries to address a ball. All carts are prohibited from those areas designated as 'environmentally sensitive'.
- The cart will be permitted **no closer than 15 feet** from the **fringe** area of the green and will be parked so as not to interfere with the play of other golfers. **No carts** are to be driven in areas **between the green and the bunker**.
- **No carts are allowed to drive down the hill beyond the cart signs located at the top of the hill on #8 Port.** All carts must use the cart path on the left side to get to the green on this hole. This rule has been implemented for safety reasons and will be strictly enforced.
- **No golf carts** are permitted in the parking lot. Carts may use the perimeter road to gain access to cars.
- After use by the golfer, the cart **must be returned** to the designated cart drop-off area.

These rules apply, without exception, to all golfers requesting the handicap flag. The Rangers and Staff have been instructed to warn any golfer who violates or abuses these rules and to report such warnings to the Director of Operations. Failure to heed such warning will result in loss of privilege to use a handicap flag. Repetitive violations will result in further disciplinary action, which could include the suspension of golfing privileges.

Acceptance

I hereby acknowledge receipt of the rules governing the use of 'handicap flags' on a golf cart. I have read these rules and accept them without reservation. I also understand that I will take full responsibility for the safe operation of the handicap flag equipped golf cart.

All refunds or credits as described above will be issued upon a vote by the Golf Commission.

LIGHTNING WARNING SYSTEM: The Captains Golf Course has an automated lightning warning system. When lightning is detected within 15 miles of the golf course a horn will sound. When the horns sound, all players **MUST** leave the golf course and head to the clubhouse. There are four horns on the property and they can be heard clearly from all points on the golf course. These horns are also equipped with strobe lights that will flash until the all clear signal is sounded (two blasts of the horns). When the All Clear signal is sounded play may be resumed.

The participating courses are Captains, Sandwich Hollows, Olde Barnstable Fairgrounds, Hyannis Golf Course, Bass River, Bayberry Hills, Dennis Highlands, Dennis Pines, and Cranberry Valley. The breakdown for availability is as follows:

MEN'S AND WOMEN'S ASSOCIATIONS: The Captains Course Men's Golf Association, the Women's 18-Hole Association and the Women's 9-Hole Association have been an integral part of making the Captains a better place for all golfers. Applications for the Associations are available at: www.captainsgolfcourse.com.

FREQUENT PLAYER CARDS: A Frequent Player Card is available for \$100; no card refunds are available. It is **not transferable** and expires on December 31st of the year it was purchased. - cut-off shorts, short shorts, gym shorts, sweat pants, or bathing suits;
- metal spikes.

Members who continually violate the dress code may be subject to a thirty-day suspension of their playing privileges.

HANDICAP POSTING REMINDERS

****PLEASE NOTE THAT HANDICAPS ARE NOW RUN BY MASS GOLF****
WWW.MASSGOLF.ORG

- A basic premise underlying the World Handicap System is that every player will try to make the best score at each hole in every round the player plays, regardless of where the round is played, and that the player will post every acceptable round.
- Post **all** scores for both **match play** and **medal play**, even if you just shot the worst or best round of your life!
- Post scores as soon as possible after the round is played.
- If you are in Florida or somewhere else warm during the winter playing golf, you must post those scores as soon as possible as well.
- You must post an 18-hole score if you complete at least 14 holes; if you complete at least 7, but not more than 13, you must post a 9-hole score. On the holes you didn't play, record a score of par + any handicap strokes you would've received. Attempts to intentionally quit play to avoid posting a score are considered manipulation to influence your handicap and can result in penalty scores being posted by the Handicap Committee.
- When you pick up or concede a hole without finishing the hole, for handicap purposes you post the score as follows: on the green less than five feet from the hole, add one stroke. If the ball lies between five feet and 20 yards from the hole, add two or three strokes depending on difficulty of the hole and ability of the player. If the ball lies more than 20 yards from the hole, add three or four strokes depending on difficulty of the hole and ability of the player. The number may not exceed your **Net Double Bogey** limit, and should be entered on your card with an 'X' to show the hole wasn't finished. There is no limit to the number of unfinished holes a player may have in a round provided that failure to finish is not for the purpose of handicap manipulation.
- **Net Double Bogey** is a player's maximum hole score for handicap purposes and is calculated as follows: Par for the hole being played plus two strokes and then add any handicap strokes. For example, if you are playing a par four and receiving 2 handicap strokes it would be:
$$4 + 2 = 6 + 2 = 8$$
- If a mistake is made for a score entered into the system, please notify one of the pros so that the mistake can be corrected.
- Peer review is an important aspect of the handicap system. Each player is responsible for ensuring that the handicap rules are followed. If a player observes a breach of the rules, the player should bring the breach to the attention of the person who has committed it. If the breach is not corrected, the person observing the breach should report it to the Handicap Committee.
- **Local Rules** for the golf course are displayed on the bulletin board and at the Starter's shack. Included on the Local Rules Sheet is whether or not preferred lies are allowed.
